2018 Membership Fees

The Upper Hutt Hapkido Academy charges **Membership Fee** which are payable whether or not you decide to attend classes - e.g. on the same basis of most gyms. Our fee calculations are based on 10 months of actual training a year per student (to allow for holidays, etc.). This is spread over the entire year to make paying and collecting membership fees easier for all concerned.

Membership Fees are payable in advance and most people pay them fortnightly as this suits most people's cash flow. If you wish to pay on a **different cycle** (weekly, monthly, annually etc.) then please arrange this with the Head Instructor (Callum).

A **Family Discount** may apply to members who are part of an immediate family who are all living together. To be eligible for the discount, the other family members need to be **non-income earners** – e.g. dependent children or a home keeper. The family member with the highest fees pays full fees but there is then a **50%** discount on the relevant membership fee for each eligible family member thereafter.
