

## 2019 Membership Fees

The Upper Hutt Hapkido Academy charges **Membership Fee** which are payable whether or not you decide to attend all the classes that you are eligible for - e.g. on the same basis of most gyms. Our fee calculations are based on 10 months of actual training a year per student (to allow for holidays, etc.). This is spread over the entire year to make paying and collecting membership fees easier for all concerned.

**Membership Fees** are based on **how many classes you attend** per week. You don't have to choose any particular nights to train, rather you decide week by week which class(es) best suits you or your children. If you miss a class in any particular week for whatever reason you may do a catch up class whenever it suits you.

**Membership Fees** are payable in advance and most people pay them fortnightly as this suits most people's cash flow. If you wish to pay on a **different cycle** (weekly, monthly, annually etc.) then please arrange this with the Head Instructor (Callum).

A **Family Discount** may apply for members who are part of an immediate family group who are all living together. The family member with the highest fees pays full fees but there is then a **50%** discount on the relevant membership fee for each eligible family member thereafter (if joining on a Special 3 Month Special Start Up as a family group then only one free uniform is provided).
